Route Recommendations

Route 11 is proposed to be transformed into a more direct, bidirectional loop paired with Route 2. From the River Cities Travel Center, the route operates bidirectionally on Capitol between Cumberland and Woodlane, then bidirectionally on Woodlane/M.L.K. to W 33rd St., no longer serving S. Battery St. When the bus reaches M.L.K. and W 33rd St, the route number will switch from Route 11 to Route 2. This new configuration eliminates one-way travel for riders while ensuring that most current riders are still within a quarter-mile walk of a transit stop. Also, as a part of a one-year pilot project, METRO Connect service will be available for a few hours each day to riders who choose not to walk to the streamlined route.
