Route Recommendations

To reduce route duplication on Markham St, Route 1 is proposed to be realigned to provide a new north/south crosstown connection on Pine and Cedar. While the alignment west of Kavanaugh & Beechwood would remain the same, the route would operate bidirectionally on Beechwood & Lee, and southbound on Cedar/northbound on Pine, terminating at Asher Ave. This route would no longer serve the Travel Center. The alignment will still allow for transfers to Route 5 and will provide new transfer opportunities with Routes 3, 14, and 16 outside of Downtown, allowing for shorter trips. It also provides a new connection to UAMS.

Mode	EXISTING		COST NEUTRAL		MODERATE GROWTH	
	Fixed Route		Fixed Route		Fixed Route
