Route Recommendations

Route 2, which would be renamed Broadway, is proposed to be transformed into a more direct, bidirectional loop paired with the new Route 11. The route would be moved from Main St to Broadway St, with Main St being served by the new Route 14. When the bus reaches M.L.K. and W 33rd St, the route number will switch from Route 2 to Route 11. This new configuration eliminates one-way travel for riders while ensuring that most current riders are still within a quarter-mile walk of a transit stop. Also, as a part of a one-year pilot project, METRO Connect service will be available for a few hours each day to riders who choose not to walk to the streamlined route.
