

Route Recommendations

Route 6 is proposed for minor alignment adjustments to provide more direct service between Granite Mountain and Downtown. Between the River Cities Travel Center and 11th, the route operates as a couplet, with northbound service on Rock and southbound service on Cumberland. The route then stays straight on Commerce St rather than deviating one block west to serve S. Rock St. The route is proposed to operate bidirectionally on Barber between 21st and Roosevelt, in order to more directly serve the Kroger. There are no proposed alignment changes south of E. Roosevelt Rd.
