Route Recommendations

To maintain connectivity throughout the UAMS and VA campus, now that Route 5 has been streamlined to remain on Markham St., a new UAMS Circulator route will operate during business hours on weekdays. The circulator will operate at frequent 15-minute intervals, and will connect with Route 5 on Markham St. and Route 1 on Pine St. and Cedar St. Operating throughout the campus, this circulator will provide riders convenient access to UAMS and VA facilities.
